

RCU Control Panel

K9R RCU Control Panel

- Plate material: Plastic/ Metal.
- Surface finishing: Plastic-painting / Aluminum anodizing.
- Communication mode: RS485 / 12V dry contact.
- Two colors (white & orange) LED backlight for RS485 with proximity sensing.
- Single color (orange) LED backlight for 12V dry contact switches.
- Large push button rocker.
- Multi-gang installation up to 4-gang, vertically or horizontally.

Horizontal multi-gang installation

Vertical multi-gang installation
